## Redcentric updates

1. Harrogate office refurbishment – Exciting news! We're investing in our employee and customer workspace. Our Harrogate office will be closed from the 22nd January for a complete refit. We look forward to welcoming you to our new facility – keep a look out for opening dates later in the year.
2. Increased customer satisfaction – We've successively increased our Net Promoter Score two quarters in a row. Discover the changes we're making based on your valuable feedback.
3. Transforming Thackray Museum's IT – We're excited to be supporting the Thackray Museum of Medicine. We made a significant donation of providing IT equipment, which supports them in their modernisation drive and transformative 2030 goals.
4. Certifications – Following our acquisitions and site expansions, we've been working on bringing our certifications from our locations together.

## Facing challenges in public cloud and looking to get more from your investments?

We have a team of cloud experts that can help you. Chambers and Partners has chosen Redcentric as its trusted partner to elevate its commitment to Azure and cutting-edge cloud solutions.

Chambers  
AND PARTNERS

“We are thrilled to share that our partnership is thriving, with Redcentric already powering Chambers’ business critical cloud-based IT infrastructure and M365.”
